Meyer & Associates Sponsors Airshow at \$25,000

LAKE CHARLES, La.—Local engineering consulting firm, Meyer & Associates, Inc., has recently committed to a \$25,000 premier level sponsorship for the Chennault International Airshow, which is set for April 28-30, 2017, at Chennault International Airport.

The sponsorship will be dedicated to the heart-stopping aerobatics of Randy Ball. During his demonstration in the MIG-17F, Randy routinely pulls 8Gs and reaches speeds approaching 700 mph while at times flying less than 100 feet off the ground. The family-friendly Airshow will also feature a nostalgic array of aircraft of all vintages and kids activities.

To purchase general admission or VIP tickets online or to learn about the 2017 event lineup, visit the Airshow's website at www.chennaultairshow.com.
